

## SOLO EXISTEN ESTOS ENDPOINTS DEBIDO A QUE INSTAGRAM ELIMINO LOS OTROS.

The screenshot shows the Instagram Developer documentation page. The left sidebar contains a search bar and a list of navigation links: Overview, Authentication, Login Permissions, Permissions Review, Sandbox Mode, Secure Requests, Endpoints, Embedding, Mobile Sharing, Libraries, Support, Changelog, and Platform Policy. The 'Endpoints' section is expanded, showing a list of endpoints under the 'Users' category. The main content area displays two endpoints: `GET /users/self` and `GET /users/self/media/recent`. The first endpoint is described as 'Get information about the owner of the access token.' and the second as 'Get the most recent media of the user.' Both endpoints require an 'ACCESS\_TOKEN' parameter.

## YA NO EXISTEN LOS ENDPOINTS PARA PODER BUSCAR A OTRO USUARIO. SOLO PERMITE EL NUESTRO:

The screenshot shows a Coursera course page titled 'Desarrollo de aplicaciones avanzadas con Android'. The page features a sidebar with a list of web services and a main video player. The sidebar lists the following services: Persistencia en los datos con Web Services (3 min), API Rest en Android (5 métodos) (2 min), API Instagram (4 min), Ejemplo: Registrando la aplicación en Instagram (11 min), Ejemplo: Obteniendo un Access Token (18 min), and Ejemplo: PostMan para probar solicitudes al API (27 min). The video player shows a screenshot of the Instagram Developer documentation page, specifically the 'User Endpoints' section. The video player interface includes a progress bar and a play button.

## APLICACIÓN:

PARA CONFIGURAR CUENTA.

## CONTACTO:

The screenshot shows a mobile application window titled 'Petagram' with a paw print icon. The main heading is 'Solicita Información'. Below it are three input fields: 'Nombre', 'Correo', and 'Mensaje'. A pink button labeled 'ENVIAR COMENTARIO' is positioned below the 'Mensaje' field. The app is running on an Android device, as indicated by the status bar at the top showing 'G735 L12', 'ORANGE', and a battery level of 77% at 1:42 PM. The bottom navigation bar is blue with a back arrow, a home circle, and a menu icon.
